

WORE U. S. UNIFORM.

Austrian Thought He Had a Right to Do So, but Must Stand Trial.

Robert Kulla, the Austrian footman of Count Max Lyman, arrested last week on complaint of Capt. Morton G. Blockbridge of Co. G, Forty-seventh Infantry, N. Y., was arraigned in the Yorkville Court today for wearing the uniform of a United States Infantryman, though he is not in the service.

Kulla testified through an interpreter that he bought the uniform in good faith at a second hand store and thought he had a right to wear it. Kulla, wearing the dress livery of Count Lyman, a beautiful pair of black and yellow stripes, and carrying a cap crested with gold lace, seemed much embarrassed.

Magistrate McGuire held Kulla in \$500 bail for the special sessions.

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach suffering should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspepsia and stomach suffering are usually accompanied by emaciation and lack of vitality which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, meat or fatty food, and are trying to keep up a miserable existence on starchy products, I would suggest that you should try a meal of any food or foods which you may like in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining. It does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of setting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if I'm not right."—Advt.

Bat out a little home run! Get this fox-trot straight from its Southern home—and get it now!

"Georgia Grind" a trot with the Countdown tang. Joy in the friends and try the new dances.

"Magic Melody" from "Nobody Home" comes with it.

WHOLE CITY BLOCK THREATENED BY FIRE; 100 FAMILIES ROUTED

Early Blaze in West Twenty-Eighth Street Imperils Tenement Dwellers.

Fire in the junk shop at No. 151 West Twenty-eighth Street, owned by Pasquale Antonio, threatened most of the block between Sixth and Seventh Avenues early today. So severely did it burn that the firemen and police ordered into the street one hundred families in their nightclothes from four tenement houses at No. 153 to 159.

Acting Fire Chief Martin sent his men into the twelve-story office building at No. 145 and into a tall loft building in the rear, facing on Twenty-ninth Street. They played streams upon the fire from the upper floors of the buildings. The junk shop was in a rear building, the front of the lot being occupied by a carpenter shop. This building also caught fire.

The building at No. 149 is occupied by the paint shop of E. Nilson, where were stored quantities of oils and inflammable materials, and the firemen concentrated their efforts to prevent the flames from spreading in this direction.

The intense heat from the junk shop blaze started the automatic sprinkling system in the loft building at No. 158 to 160 West Twenty-ninth Street, immediately adjoining in the rear, and costly furs were damaged. About 1 o'clock the walls of the junk shop fell inward and in a few minutes the fire was under control.

The damage was estimated at \$10,000.

OBITUARY NOTES.

William H. Wallace, Vice President of the Franklin Trust Company and director in various corporations, died yesterday of general debility at his home, No. 461 Clinton Avenue, Brooklyn. He was eighty-four years old.

Jay Nova, violinist, organist, pianist, and for many years director of theatrical orchestras in Manhattan and Brooklyn, died of a complication of diseases yesterday at his home, No. 616 Bedford Avenue, Brooklyn.

Mrs. Christina Strath, wife of George Strath, one of the oldest professional golf players in the United States, is dead at her home, No. 155 Ninety-second Street, Brooklyn.

T. D. Foster, for several years a member of the International Committee of the Y. M. C. A., died yesterday at his home, in Guttuswa, Ia., after a year's illness. He was at the head of the Morrell Packing Company and was widely known as a religious and philanthropic worker.

Miss Josephine Meighan, daughter of William J. C. Meighan and associate editor of Good Housekeeping, is dead at Litchfield, Conn., where

she had been for some time in the hope of benefiting her health.

Thomas J. Farnam, formerly Marshal of Police of Baltimore, is dead at the age of sixty-nine years in that city.

How Thin People Can Get Fat

Increase in Weight Ten Pounds or More

"I'd certainly give most anything to be able to eat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the power of nutrition is normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Bargoil tablet with every meal. Bargoil is a scientific combination of six of the most effective elements known to the medical profession. Taken with meals, it mixes with the food, turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means unusual. Yet its action is perfectly natural and absolutely harmless. Bargoil is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back.

Note:—While Bargoil has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not be used by those who are not willing to increase their weight ten pounds or more.—Advt.

Try Correct Glasses For Those Headaches!

Eyestrain is the direct cause of most headaches. Many try every remedy but the right one. Good glasses do away with the headaches by relieving the strain on the eyes.

Eyes Examined Without Charge by Registered Eye Physicians.

This Will Remove Hair or Fuzzy Growths

(Toilet Tips.)

A safe, certain method for ridding the skin of ugly, hairy growths is as follows: Mix a paste with some powdered deodorant and water, apply to hairy surface about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment it is advisable to see that you get genuine deodorant.—Advt.

Dr. William Peterman's Personal Guarantee to You

I hereby guarantee that Peterman's Roach Food and Peterman's Discovery (liquid) will entirely rid any building or premises of roaches, water bugs or bed bugs if the above preparations are used in accordance with directions plainly printed on each package.

I authorize any dealer to cheerfully refund the purchase price of either of the above preparations to the purchaser who can show that under the above conditions the preparations have not rid the premises of bugs, and charge the sum to me. It will be promptly paid.

WILLIAM PETERMAN, President.

Kill the Roaches—Guard Your Health

Keep your home free from these disease carriers. Use Peterman's Roach Food—a sure preventive. One application to a premises lures them from their hiding places in cracks, wall joints or about sewer pipes and kills them.

Peterman's
ROACH FOOD
KILLS ROACHES AND WATER BUGS

well dusted in crevices, will clean out roaches promptly. It entices them from their breeding places. They eat the Roach Food greedily and are destroyed. Roaches and water bugs breed, multiply and spread most rapidly in warm weather. Prepare against their coming. Peterman's has been the standard for 29 years. Ask any housewife.

Peterman's Discovery (liquid) kills bed bugs and their eggs instantly. The liquid can be forced into all joints in beds and in holes and crevices in woodwork by means of the spout on every can. Nothing else so sure.

Buy Peterman's Roach Food or Peterman's Discovery (liquid) from your dealer. He will recommend it.

Peterman's Ant Food kills ants. Peterman's Moth Food keeps moths out of clothing, furniture, etc.
